

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

December 14, 2020

Dear Union Grove Members, Friends, and Family:

If you have been watching and reading the news, you've likely heard that the first doses of the COVID-19 vaccine are making their way across the country and Wisconsin hospitals are preparing to start distributing the COVID-19 vaccine to their frontline health care workers. This is long-awaited and uplifting news for all of us!

Along with health care workers, nursing home staff and residents are also a high priority to receive the vaccine. We look forward to updating you on the plans for our veteran's homes soon, once more information is available.

Over the weekend, two Members and one employee at Union Grove tested positive for COVID-19 and one Member has recovered. Currently there are five active positive cases of COVID-19 on campus (three Members, two employees).

Beginning in January 2021, we will be moving to email and text notifications, instead of mailed paper letters, as our primary way of sharing these updates. If you have not yet added yourself to our email and phone mailing list, please do so now at www.WisVetsEmail.com. If you would like to continue to receive printed and mailed letters, please contact Michelle Adamek at (262) 878-6753.

Sincerely,

Erin Johnston
Commandant
